the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million, from 2.5 million in 1980 to 4 million in 1999. The public sector has grown from 10% of the economy to 17% of the economy.

There are a number of reasons for this increase. One of the main reasons is the increasing demand for public services, particularly in the areas of health and social care. Another reason is the increasing need for public services to be funded, particularly in the areas of health and social care.

There are a number of ways in which the public sector can be funded. One way is through taxation. Another way is through borrowing. A third way is through the sale of public assets.

There are a number of advantages and disadvantages to each of these ways of funding the public sector. Taxation is the most common way of funding the public sector, but it can be unpopular. Borrowing can be a quick way to raise money, but it can also be expensive. The sale of public assets can be a way to raise money, but it can also be controversial.

There are a number of ways in which the public sector can be managed. One way is through a central government. Another way is through a system of devolution. A third way is through a system of local government.

There are a number of advantages and disadvantages to each of these ways of managing the public sector. Central government is the most common way of managing the public sector, but it can be unpopular. Devolution can be a way to give more power to the regions, but it can also be expensive. Local government can be a way to give more power to the local people, but it can also be expensive.

There are a number of ways in which the public sector can be reformed. One way is through a system of privatisation. Another way is through a system of public-private partnerships. A third way is through a system of public ownership.

There are a number of advantages and disadvantages to each of these ways of reforming the public sector. Privatisation can be a way to raise money, but it can also be controversial. Public-private partnerships can be a way to raise money, but they can also be expensive. Public ownership can be a way to raise money, but it can also be controversial.

There are a number of ways in which the public sector can be improved. One way is through a system of performance management. Another way is through a system of public participation. A third way is through a system of public audit.

There are a number of advantages and disadvantages to each of these ways of improving the public sector. Performance management can be a way to improve the efficiency of the public sector, but it can also be unpopular. Public participation can be a way to improve the quality of the public sector, but it can also be expensive. Public audit can be a way to improve the transparency of the public sector, but it can also be controversial.

There are a number of ways in which the public sector can be transformed. One way is through a system of radical reform. Another way is through a system of incremental reform. A third way is through a system of no reform.

There are a number of advantages and disadvantages to each of these ways of transforming the public sector. Radical reform can be a way to raise money, but it can also be controversial. "THE
BOYFRIEND"

1984 MAY CAROUSEL

"A NIGHT IN HEAVEN"

Giving a special recognition to the senior girls at the end of the school year is known as May Carousel. This night is the night that senior girls wait for all of their High School years. It is a time of much happiness but also sadness because the girls realize graduation isn't far off, and they will lose contact with many of their friends.

May 11, 1984, Lauri Machino, retiring Homecoming Queen of 1983, crowned Karen Fuller, May Carousel Queen. Attending to the queen were, Michele Bezan, Jeanie Holt, Laura James, Lisa Lilley, Nancy McClew, Gloria Millonis, Lisa Sheikh, Vicki Smith, Laura Smolar, and Elizabeth Trimmer.

Among the many activities that took place, the Flags and Rifles performed to "Footloose." The Swing Choir performed a melody from CATS. Pom-Poms also performed to a musical melody. The Senior dance and traditional May Pole dance, also took place.

The theme was "A Night In Heaven," and the girls performed a candlelight ceremony.

The student body owes a very special thanks to the staff members that helped to organize the committee for May Carousel. Mr. Steve Hamilton and Mr. Ron Pennell were Co-Chairmen. Mrs. Sandra Hughes, Mrs. Beverly Scroggins, and Mrs. DeeMona Spudich were also on the committee. A job well done!

HOMEcoming 1984

Homecoming 1984 will be remembered by many as a week of fun and excitement. The week will be remembered by all, but especially by the seniors, since it was their last Homecoming.

Of course the traditional bonfire was held, and students got ready for the confrontation with the Comanches. The homecoming play was held on Wednesday and Thursday, and was a tremendous success. School was dismissed early Friday for the homecoming parade and all the students enjoyed the floats which were made by the groups and organizations. The Warriors were victorious in their game against the Comanches on Friday.

Homecoming '84' was a spectacular week of fun and excitement.

"A NIGHT IN HEAVEN!"

On May 4, 1994, the G.C.H.S. prom was held at the Pipeliners' hall in St. Louis Mo. As the beautiful gowns and handsomely fitted tuxedos filled the room, the enjoyment began.

A buffet was served at 7:30, and after that there was dancing. Many people who don't like to dance just enjoyed the company of good friends and the wonderfully decorated ball room.

When the prom ended, the fun was just beginning. Many couples went out for more dining and dancing. Anyone who attended the prom could tell you it was definitely a success. It will be a night long remembered, as "A Night In Heaven."

1985 BOARD OF EDUCATION

Standing: Mr. Alan Crider, Secretary; Mr. Dewey Melton, Mr. Monroe Worthen, Mrs. Ruth Lahr. Seated: Mr. Tom Miatsky, Mr. David Parney, Treasurer, and Mr. Kelly Hagan, President

Our elected board of education serves the citizens of Granite City without pay. Under state law the board is given primary responsibility for determining the basic policies and structure for the public educational process in Granite City. In recent years, due to the economic recession and substantial decreases in state and federal funding, local school income has decreased at a rapid rate, resulting in unprecedented district indebtedness. At the conclusion of the 1982-83 school year, five elementary schools were closed, and North and South High Schools were merged into one high school with approximately 3100 students, making us one of the largest high schools in the state. Certified and non-certified staff was substantially reduced, also.

In November, 1983, the voters of Granite City Community Unit School District Nine reelected two members of the board whose terms had expired, and elected three new members of the seven member board of education. In November, 1984, the voters were presented with two propositions designed to help alleviate the dire financial circumstances of the school district, after an intensive effort to educate the public to the problems faced by this district. One authorized the district to issue bonds in the amount of \$6,600,000 for a working cash fund, which the district could borrow from. This proposition passed by a substantial margin. The other would have increased the annual tax rate for educational purposes to 2.95% of the full fair cash value of taxable property of the school district, from the present 2.55% rate. This proposition failed by a narrow margin, leaving the school system in debt.

**SUPERINTENDENT, SCHOOL
DISTRICT #9
MR. FRANK KRAUS**

Mr. Frank Kraus was born in 1930 in Granite City. He served in the air force for two years, and then received a B.S. degree from Southern Illinois University Carbondale, in 1957. Later he received his M.S. from University of Indiana. He served as a teacher, Assistant Principal, and Principal of Coalidge Junior High in Granite City. He then became Assistant Superintendent in 1967 and this year he was appointed Superintendent of Schools, to succeed former Superintendent, B. J. Davis.

PRINCIPAL

GILBERT V. WALMSLEY

Mr. Walmsley was born on January 15, 1939, in East Alton, Illinois. He attended East Alton elementary schools, and graduated from East Alton-Wood River Community High School. He attended night school at S.I.U., Edwardsville, from 1962 to 1965, in order to acquire a Master of Science degree in School Administration and Guidance. Prior to entering teaching in 1962, he worked as a production foreman at the Olin-Matheson plant in East Alton Illinois.

In 1962, he began teaching Industrial Arts at Roosevelt High School in St. Louis. The following year, he came to Granite City Senior High school as an Industrial Arts and Driver's Education teacher. From 1965-1967 he was a Guidance Counselor at the Senior High. In 1970, he became Principal of Prather Jr. High. He served as Principal there until he was named Principal of Granite City High School/North, in 1972. After serving there for 10 years, and with the closing of North, he became principal of the combined Granite City Senior High School.

To Mr. Walmsley and his staff, has fallen the task of uniting the student bodies of the two schools, and of creating a sense of cohesion and solidarity among all those involved in the operation of the Senior High.

Mr. Lane, surrounded by formulas.

DATA PROCESSING

In a school with 3100 students and nearly 200 staff members, it would be virtually impossible to keep track of all the vital statistics and record keeping, were it not for the efforts of the Data Processing Department. Mr. Monte Kessler is The Administrative Assistant in charge of computerized services. He is assisted by Mr. Jim Jeffries, (Not Pictured) Berta Millan and Pat Uzunoff are the Data Programmers.

SECRETARIES: Left to Right, Marge King, Wanda Kurzera, Lucy Stucke, Georgaine Georgeff, Vera Smolar, Harriet Mercer.

SECRETARIAL STAFF

FACULTY CANDIDS

LEFT: "Hold it right there!" An unidentified staff member prefers to travel incognito!
BELOW: Mr. Kasprohich apparently is not well satisfied with test results!

CUSTODIANS

Front: (l. to R.): Joe Garcia, Harry Smith, Don Lloyd. Back: Larry Lakin and Robert Hinson.

CAMPUS MONITORS

ED MERCER
AND
BERT HOUSTON

The Custodians and Campus Monitors are the unsung heroes of Granite High. Custodians keep the physical plant "spic and span" and running like a well oiled machine.

Campus Monitors police the smoking area of the school.

CAFETERIA WORKERS

Front Row, Left to Right: Viola Boson, Debbie Kennedy, June Hecht, Sandy Richey, Jackie Bulla, Berry Gay, Judy Diak, Back Row: Isabelle Burnett, Berna Boone, Shirley Bushong, Dorothy Wills, Joyce Brokman, Lillian Vineyard, Mary Cory, Nancy Wilson

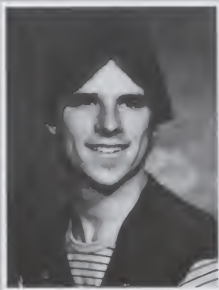

TEACHER AIDES SHIRLEY DECOURCY AND CATHLEEN HOUSE

Our Teacher Aides are in charge of the care and transportation of handicapped students who attend Granite High. Their concern for the special needs of these students is ever apparent. Their cheerfulness and solicitude boost the morale of young people who must struggle valiantly to obtain the education that many others take for granted.

JUNIORS

*As we experience life's stages
As we open the book and turn the pages
As we grow and change
Our life seems to rearrange*

*It takes hard work and a lot
Of winning,
To get to that third big inning*

*When a freshman you were scared
The older ones teased, looked, and glared
Just think, you were one of the youngest
there
But who really noticed, who really cared?*

*The Sophomore year was hard, but fun
It seemed that everyone was on the run
The memories that we shared, we treasure
For our sophomore year was a pleasure*

*We have finally made it at last
Our Junior year, — What a blast!
The only thing we really fear
Is the end is so close, so near*

*We'll stick together as a bunch or crowd
You'll hear us at pep rallies,
For we are loud!*

*Years will go by and time will pass
But Granite City will always remember
The 1986 Senior Class!*

A TRIBUTE TO

Ofrentimes girls' sports don't get the attention they deserve. This is a special recognition to the girls for all the hard work they do during their seasons. This hard work pays off in the end. It shows because the girls end up on top. They may not always be first place winners but they do their best. These girls are tops!

1984 SEASON

The Granite City Baseball Warriors came into the 1984 season against some pretty tough competition. With many long and rainy games, the Warriors finished the season with a 15-18 record.

Baseball is a sport which exhibits each player's individual talents. The Warriors pitchers had 138 strike-outs between the staff. Don Whitsett and Sam Tate led the staff with a combined total of 70 strike-outs. The entire pitching staff struck out an average of 5 batters a game.

During the season, no one person knew exactly who would be on the mound, next. Since all were qualified players, Tim Gray, Rodney Sampson, Darin Spalding, Tom Warfield, and Allen Zentgraf were those who exhibited their pitching talents over the season.

SOCCER SENIORS

GO FAR

Captain Mike Houston carried Soccer Warriors through tough times.

Midfielder Joe Segobiono enthusiastically contributed to many Warrior Victories.

Scott Grate, leading scorer, pushed eight balls past opposing goalies.

Chris Kahn, replacing stapper, achieved five shutouts.

Brent Cook, held up left fullback position and managed three goals.

SOCCER 19

Greg Gabbie, playing midfield, muscled his way through many crowds.

Alan Zentgraf, backup keeper, insured many victories.

Frank Soellner, striker, skillfully insured numerous triumphs.

Matt MacLaughlin, striker, forced goals from nowhere.

Steve Branding, helped the pursuit of a successful season.

Mike Dennis, like the speed of light, contributed fiercely.

SENIORS 85

Derek Merz, striker, outsmarted many opposing defenders.

Jeb Blasingame, starting keeper, upset and astonished many opposing team players.

David Baggette: In time of need, Dave held opposing teams, determinedly.

WITH VICTORY COMES PAIN!

Pain was what these two young athletes felt as their soccer careers were put on the line. Throughout a season, many athletes are injured. Most of them, however, through weights and exercise, can overcome their injuries.

Pete Moore (left) suffered from torn ligaments and cartilage damage at the beginning of the '84 season, which prevented him from playing his junior and senior years. Even after intricate surgery, Pete will not be able to pursue a soccer career.

Unlike Pete, Dennis Gouderoli (right), will have a chance to play his senior year. During the 1984 season, Dennis suffered from torn ligaments, a dislocated ankle, and a broken fibio. Due to immediate medical attention, Dennis will be able to lead the Warriors to future victories.

"This year's Freshman team was the "most talented" I've ever coached," said Coach Ames. The team had many problems scheduling their games, because of many rainy days. The teachers strike had an effect on their season too! Our freshmen have a great future ahead, with hope of representing our school at future state tournaments. Out of a total of 9 games, our players managed 5 wins, 1 tie, and 3 losses. In the eyes of Coach Ames, this was a rewarding and prosperous year. He said, "I'm looking forward to working with these boys in the future."

VARSITY WRESTLING

Coach Schmitt has helped many wrestlers to prove themselves. He has accomplished more than any other wrestling coach around. This year the wrestlers accomplished for him his 602nd career win. No other coach can say that.

Although "Schmitty" has come a long way, he is the type of man who gives all the credit to his boys. When he was asked about the great accomplishments of this season, Jeff Cotter was the name, he emphasized, should be given much of the credit.

Coach Schmitt has coached Wrestling for the past 38 years: the last 35 at Granite City. This past season was the last season for Schmitt. He is retiring. Setting a father-like image, the Warrior Wrestlers have had a respected personality to look up to in Coach Schmitt these many years. Both he and his team are winners!!

MARCHING BAND

"I consider the 1984 marching season a success. Even with the late start of school, the kids did a fine job of working together and practicing on their own. The results at the contests attended at Washington, O'Fallon, and the University of Illinois, indicate how far we have come. I am pleased with this years' results and I am looking forward to 1985."

They hand out programs, take tickets, and keep the stage in good condition. This is a good class, but it requires a lot of hard work and time. In order to be in stagecraft you must take a semester of Beginning Stagecraft. Stagecraft students take on a great deal of responsibility. Deverly Scroggins is the teacher. If you would like to get into play production, stagecraft is the class for you.

The girls on the team associate with the school in name only. They practice every other day during the season at the YMCA pool. Patti Martin received a 1st place win in the IHSA Sectionals in the 100 yard Butterfly Stroke. She was accompanied by D'na Hankins in a 200 Medley Relay in which they achieved a 2nd place win. The girls were coached by Mr. George Amish, an instructor at Niedringhaus School. To the girls, the student body says, "a job well done!"

SKATER'S DREAM - FULFILLED IN '85

The Warrior hockey team, coached by Garry Henson and assisted by Jerry Roderick, has completed their seventh year in the Mid-States High School League.

Last year the team finished in second place in the North Division, but by winning in the playoffs, they advanced to the final four and finished in fourth place.

This year the Warriors had a fantastic year. They were awarded the first place trophy in the North division with a record of 19-3.

After eliminating Mehlville, Chaminade, and Parkway Central in the playoffs, the Warriors will battle De Smet for the St. Louis Blues Challenge Cup in a championship game at the Arena.

The power of the '85 team is not just one individual, it's hard work from every member. All are excellent skaters and good puck handlers. The leading scorers were Chris Carden, Dave Yurkovich, Matt Laub, Mark Doniff and Todd Hinterer.

There were three goals set by this team: To win their division, to make the playoffs, and to make the final four in the Arena. The dream was realized in qualifying for the Championship.

There have been good times and bad, but all-in-all, everything worked out for the best. I would like to thank Mr. Robert Johnson for all the help and guidance along the way. Also, without the help and guidance of Chris DeRuntz and Patti Burch, (1984 Co-Editors) I would never have been able to organize the book, so to them a special thanks. I would like to wish my Assistant Editor, Beth Rigby, the best of luck next year as Editor-in-Chief. To the entire staff, I say thank you for all the hard work and dedication they put into the production of this book.*

the 1990s, the number of people in the UK who are aged 65 and over has increased from 10.5 million to 12.5 million, and the number of people aged 75 and over has increased from 4.5 million to 6.5 million (Office of National Statistics 2000). The number of people aged 65 and over is projected to increase to 15.5 million by 2020, and the number of people aged 75 and over to 8.5 million (Office of National Statistics 2000).

There is a growing awareness of the need to develop services to meet the needs of older people, and a number of initiatives have been launched in the UK to address this need. The Department of Health has launched the 'Age Friendly' initiative, which aims to make the UK a more age-friendly country by 2010. The initiative is based on the principle that older people should be able to live independently and actively in their own homes and communities. The initiative has four main objectives: to improve the physical environment, to improve the social environment, to improve the services available to older people, and to improve the attitudes towards older people (Department of Health 2000).

The 'Age Friendly' initiative is a cross-departmental initiative, involving the Department of Health, the Department of the Environment, the Department of Transport, and the Department of Social Security. The initiative is based on the principle that older people should be able to live independently and actively in their own homes and communities. The initiative has four main objectives: to improve the physical environment, to improve the social environment, to improve the services available to older people, and to improve the attitudes towards older people (Department of Health 2000).
